

OTTAWA VALLEY TRIUMPH CLUB

NEWSLETTER NO. 10

Highlights of March 28th, 1990 Meeting

The March meeting of the OVTC was held at the Bells Corners Machine Shop at 34 Stafford Road East in Nepean. The Club members met at 6:00 p.m. at the Shop and were treated to the grand tour of the facilities by Eric Sibbitt. BCMS offers a complete assortment of parts and can provide most engine parts, bearing and brake parts, etc. The Machine Shop is well equipped for rebuilding engines and even "balancing" the rebuilt engine sounded like an ideal option given the modest cost and the added advantages. Thanks to Brian Mills for arranging this tour which was most informative.

Next Meeting

Our next meeting will be held on Saturday, April 28th, rather than the 25th (Wednesday--our regular evening meeting date), at the Woodvale/Manordale Community Centre, 7:30 p.m. Malcolm Brown has lined up a representative from Shell Oil Corp. office in Montreal, Mr. Richard Montpas, to be our guest speaker for this evening's meeting. Since a weekday evening is difficult for him to attend, the Saturday night meeting was more convenient. Mr. Montpas will be discussing the lead-free gasoline situation and what additives can be used to replace the limited availability of leaded gasoline.

If time permits, we should also discuss the tentative schedule for the 6th Annual Canadian Classic in Ottawa for 1991. Please bring the schedule mailed out with last month's Newsletter and can we have a verbal report from the Executive Committee members who volunteered to investigate certain matters pertaining to the tentative schedule.

AGENDA FOR APRIL 28TH 1990 MEETING OF OVTC

Place: Woodvale/Manordale Community Centre
Knoxdale Road at Carola Street

Time: 7:30 p.m.

Date: Saturday, April 28th, 1990
