Letter from the Editor

It looks like we survived the month of June in one piece. The dark clouds that were dumping heavy rains on the Ottawa valley country side also hung over the Haasper garage and parking lot. It seemed every plan we made, every job we tackled somewhat fell apart and ended in work and repairs.

Wilf worked around the clock trying to get things working again. Sorry to say, we didn't make it to the Mosport races. The electrical system of the tow vehicle was not working and towing our Spit or our sail boat was out of the question. The brakes of the Spit also acted up, this resulting in us not able to drive to the race. But, persistently as always, Wilf got things working again.

One Saturday we enjoyed a wonderful drive north to the Ottawa River and from there drove west ward along the Madawaska river, to Calebogie,, where we enjoyed a picnic and a swim. While in Calebogie we checked on the race track. It's still unpaved but we did see some progress. The guard rails have been installed and there was talk of the pit areas having been paved. We weren't able to check out the latter because the access lanes had been blocked by piles of loose gravel, preventing people like the likes of us....:-) driving around the premises. Sorry..

Sunday, June 25th found us at the our local car show in Carleton Place. More on this later. Hope to see you all the All British Car Show at Britannia Park on July.

Message from the president

I'll be as brief as possible this month.

After months of planning, our biggest multi-club event of the year will be the Ottawa All British Car Day (ABCD) on Saturday July 15. We have about a dozen vendors attending, and many more sponsors providing excellent items that will be given out as door prizes throughout the day. Your lunch tickets and door prize ticket are included in the price of admission. We will be cooking the food on the Land-Rover club's mobile kitchen. If you haven't seen this unit in operation, it alone is worth the price of admission! The Deputy High Commissioner from the British High Commission will be attending before lunch, and will select his own favourite car at the show and present the Commissioner's Prize. We will be going with a Participant's Choice ballot format for "Best in Show", and we have quite a spectacular prize lined up for the winner. Weather permitting, this should be a great year. The show runs from 10:00 am to 4:00 pm. Hope to see you there.

We still have a need of volunteers to help out at the ABCD, so if you haven't yet offered 1 hour of your time, please think about it, and send an email to me at dleblanc@businessaccelerators.ca.

We are putting together a medium distance club drive for Saturday July 22, with the rain date being Sunday the 23rd. Dave and Elizabeth McNaughton have mapped out an interesting route with some stops and a place where we can have a picnic lunch. There will be an email with details on it coming out soon, but I just wanted to get this into your planning calendars

Our meeting this month will be on July 25 at the Manordale Community Centre. Weather permitting, I'm thinking we will spend some time tire kicking in the car park, keep the meeting brief, and then go for a short ice cream run to Barrhaven.

Well.. Get those cars ready for the ABCD. For more details on the show and format, check out the website at www.britishcarday.ca. It will be a fun day and a great chance to mingle with the other clubs and get to know each other a bit better. We're expecting some pretty special cars again this year.

Come on out and have some fun.

Cheers

Letter to the Editor

Hi Liv,

First Place De Orleans, Cruise night.

The 'Smurf's first personal appearance after five years of restoration .

Anyhow, pics from today and last night...

It was amazing Livia. The little 6 is a star.

I only wish I had snapped more pics to show the crowds later in the evening, but I could not get away.

Letter to the editor continued

Hi Liv,

Latest news from the blue 1975 TR6 with the heart of gold. My sweetie, who still remains nameless after 26 years, took me to Mont Tremblant at the end of May. We took the winding road up from Montebello that twists and turns, often unexpectedly so that you exclaim at the top of a hill, "what happened to the road!" Swooped around the hills and evidentially swept into Mont Tremblant.

It almost didn't happen – on the Saturday before, I was returning to the city along the Eastern parkway when I noticed that the clutch was engaging way down. Eventually, several blocks from our house, it failed entirely. With the engine off, my husband managed to get it into 2nd gear and drove it back to the house, where it stayed on the street – in the rain (it leaks, you know, so I wasn't very happy about that). I called Prem at Redshaw and he arranged to get it to the garage when the Monday morning traffic had settled. Luckily he had the necessary part – it turned out to be a clutch slave cylinder – so I was able to pick it up Tuesday after work and take off on the Wednesday morning.

At the end of choir season we have a party at someone's house. This year it was last Tuesday at Pein-Pein's in Rothwell Heights. I picked up Helen, her pot of chili and an open bottle of white wine, and together we muscled the rather cranky roof struts down so we could drive in the sunshine. Helen added her pot of chili to my pots of gelato in the boot. When I asked what would happen if the police found the opened bottle of wine, Helen em-

phatically said "sod the police" in her wonderful plummy accent. Brits can get away with anything! So there we were, two hot (flashing) babes in a cool car, cruisin' along the Queensway. (no, we didn't get caught!)

Yesterday, driving to work with the top down in a light drizzle, I was hailed by the driver of the bus stopped beside me on Bay Street. "what year?", he

asked. "75". "my dream car," he sighed. "How many miles?" "over 70,000". Last image I have is of his mouth in an O as the car swept up Bay Street and nipped into the garage. Alas, driving back home last night with the top down wasn't an option – but the top was stubborn. There I was in the garage coaxing the pins into the holes, except that they just couldn't get close enough. In exasperation I left the top up but not connected, and every jolt along the Lyon speed bumps popped the hood up and let in the rain. Sometime today I get the males in the house to help me close the roof (or not – maybe there'll be sun later in the week??)

Cheers and all that!

Meg

Thanks Meg. Loved the story.

Hi Folks

I was just sent this by a friend, some of you might like to play it, some of you might find it addictive! It is a driving or rather parking game!

Have fun, I will not be held responsible for marital disputes arising from this game!

1972 TR6 project for sale

I've just bought a 1965 Volvo PV544, so our 1972 TR6 project car has to go in order to partially pay for the Volvo. Here are the details: Two cars were completely disassembled with the intention of making a good one. The bad bits were discarded. The chassis is nearly done and seems quite solid. Lots of desirable components, like 'J'-Type overdrive, roll-over bar, header, set of good redlines on rims, brand-new floor pans--the proper ones--never fitted. A few parts missing, but I can source almost all very cheaply among friends. Many parts duplicated. Rebuilt alternator. Decent black seats, some work done on the body (lots left to do!). Might consider splitting up if the higher-dollar parts go first. Will deliver free if not too far. Looking for offers, but bear in mind I have to get as much as possible in order to reduce the purchase cost of the Volvo. Contact Tim Dyer at 253-4126 or kingscreektrees@aol.com Carleton Place area.

Background:

The car has been had numerous upgrades, following the "Triumphtune Pluskit D" specifications as well as performance upgrades outlined in the "Kas Kastner Performance Manual". While maintaining a stock appearance, power has been increased to ~160hp. When the car goes to the British Car day (Bronte, Ontario), it always receives a "top 3 in class" placing (~75cars in the class / '73+ Rubber bumper).

Engine:

The engine was rebuilt John at BVR (British Vintage Racing). Triumphtune (TT): Tubular pushrods; TT "Fast Road 83" camshaft; TT Lightened Cam Followers (lifters); .30 Over pistons; TT: Competition 16 row Oil cooler (5/8" unions) with TT braided Aeroquip lines and thermostat

I have owned the car for close to 20 years, but other cars in the garage have necessitated the possible sale of Bluey. The car has been treasured and pampered during this time, and is now looking for a new home.

Back In Blue

Fellow OVTC members, as most of you know I've been a full time member of the club since May 2001, this year marked the 5th connective year of being a proud OVTC'er. Even more exciting this year is the return of my 1968 Triumph GT6 MK1 after a very lengthy restoration. 2006 has simply been an incredible year. The birth of our son James in April, May my position at work became indeterminate and finally in June my GT6 became a driver again. Could a man ask for more? (Triple car garage with no property taxes!)

With all these wonderful events and life feeling like its starting to settle into a nice pattern, I'm pleased to announce I'm ready to return to a more active roll within the OVTC executive level. I look forward to seeing you all at the ABCD meeting and most certainly for the regular club meeting in late July. I can't wait to drive my Triumph in a club run again. It's been too long.
