

## ***"Little British Car" Drives - 2023***

Please pass this on to anyone you know with a roadworthy "little British car", whether they are members of a club or not.

These are informal drives, not official club activities. Therefore, members are participating as individuals on their own cognizance and liability, and club executives assume no responsibility.

Destinations vary, and are often decided "on-the-spot" before departure. Participants are enthusiastically encouraged to offer suggestions and routes; everything is done by consensus.

We typically stop for a picnic somewhere around 12:30, so participants are advised to plan and pack accordingly.

Participants come for as long as they wish, and may depart from the main group as needed. There is no need to register beforehand – just show up!

Our goal is to enjoy our prized automobiles in their natural environment (the open road), and share our passion with others. In fact, anyone is free to tag along in any roadworthy (and insured & licenced) vehicle – as long as they have the love of the "little British car" in their heart!
