SPEEDOMETER SCREENED FROM VIEW OF PASSENGER  
ON L.H.D. CARS

Triumph Sports Models

Some owners who use their L.H.D. T.R.2 and 3 cars for sporting events have complained that the mileage recorder is screened from view of the passenger/navigator.

To overcome this objection in future the positions of the speedometer and tachometer have been interchanged at approximate Commission Number TS.29098.

The following detailed illustration will help those owners desiring to interchange their instruments on cars built prior to the above Commission Number.

NOTE : These instructions are for information only and do not constitute an authority to carry out modifications at the expense of The Standard Motor Company Limited.
